About Maria: Maria K. McManus Duthie completed her massage training through the Optissage program in Circleville, Ohio. She has studied Animal Science at the University of Florida. Also, she has studied Exotic Animal Management at the Santé Fe Teaching Zoo Program and Animal Behavior at Indiana University. Maria has owned horses for over twenty years. She has worked as a Stable Manager, Groomer, Trainer, and Exercise Rider in a number of stables with a variety of disciplines.

Maria has written several papers on behavioral enrichment while being a Zookeeper for 4 years. At this time, she began to see the correlation between physical pain and behavioral problems first hand. She then began studying several forms of Healing Touch and Behavior Modification.

In addition to Exotics, she has studied dog, cat and horse behaviors. The combination of behavioral knowledge, anatomical knowledge, and massage techniques allows Maria to work with animals on several levels. Annisage promotes healthier animals from the inside out.
